## OBJECTIVE

---

To leverage my passion for data analytics and my dedication as a computer science student to become a proficient and skilled professional, contributing to the field of data science while continuously expanding my knowledge and expertise

## SKILLS

---

- |                                     |   |
|-------------------------------------|---|
| • <b>Programming Language</b>       | Python, SQL, C & JavaScript   |
| • <b>Data Visualization</b>         | Power BI, Tableau Excel/Google Sheets, Matplotlib, Plotly & Seaborn           |
| • <b>Database</b>                   | MySQL   |
| • <b>Statistical Analysis</b>       | EDA, A/B Testing, Root-cause Analysis, Pareto Analysis & Time Series Analysis |
| • <b>Machine Learning Algorithm</b> | Linear Regression, Logistic Regression & K-Means Clustering                   |

## EDUCTAION

---

### BSc in Software Engineering

06/2021 - 06/2025

Daffodil International university

Major: Data Science

CGPA

3.92

## PROJECT

---

- **Telco Customer Churn Analysis using Python**  [Github](#)
  - Leveraging Python for Predictive Analysis of Customer Churn in Telecom Industry
- **E-Commerce Sales Analysis using Power BI**  [Github](#)
  - Power BI empowers eCommerce sales analysis, driving customer retention, optimizing marketing strategies, and enhancing user experiences for sustainable growth and profitability.
- **Shop Expansion Analysis By SQL**  [Github](#)
  - SQL-powered coffee shop expansion analysis drives strategic location decisions, enhances customer insights, and fuels growth for increased profitability.

## LANGUAGE

---

English and Bangla

## REFERENCE

---

### Dr. Imran Mahmud

Associate Professor and Head, Department of Software Engineering

Daffodil International University
