PROFILE

I am a dedicated and enthusiastic Data Analyst with a passion for uncovering the stories hidden within data. Proficient in SQL, Python, Excel, and Power Bi . I love turning complex data into actionable insights that drive smart decisions. My journey in data analysis is fueled by a love for problem-solving and a keen eye for detail. I excel in cleaning messy data, creating impactful visualizations, and identifying trends. Always eager to learn and grow, I stay updated with industry trends to help organizations achieve their goals through data-driven insights.

WORK EXPERIENCE

Project-1   2024 - PRESENT

Data Exploration by SQL
- Conducted a data exploration project using SQL on food delivery data, analyzing customer orders and delivery times to uncover insights into performance and preferences.
- This project enhanced my SQL skills and demonstrated the power of data in optimizing operations.
